

## **Dental Merit Badge Presentation Instructions**

Thank you for your interest in participating in the Boy Scouts of America Dental Merit Badge project. The University of Iowa's College of Dentistry has helped construct this DVD presentation to walk you through the step-by-step requirements to complete your dental merit badge. On the back side of this paper you will also find the requirements in a written list format. Our goal is for each scout to gain a better understanding of the field of dentistry, as well as to help promote oral health care in the community. It is encouraged that during the period of time when the project is being completed, that each scout plays the DVD for either one friend or family member. It is also encouraged to utilize a local area dentist who can verify the completion of each step of the merit badge, as well as to help educate and facilitate during the process.

If any questions arise during this project, please don't hesitate to contact the University of Iowa Pediatric Dentistry Department at 319-335-7484.

Thank you for your help in improving smiles right here in our own community!
